

## CREEP-ZIT™ THREADED CONNECTOR WIRE RUNNING ROD SYSTEM

### Creep-Zit™ Accessories

#### Creep-Zit™ Male Threaded Flex Tip

LS-81-026

CZFT

This tip provides a bendable 4" extension for your rod that can be bent at an angle or in an offset configuration, used when a straight rod might hang up.

#### Creep-Zit™ Male Threaded Magnetic Bullnose Tip & Compass

LS-81-125

LZBNC

This special bullnose with magnet is used in conjunction with the included compass to accurately locate the rod in insulated walls with moisture barrier or blown-in cellulose. Locate the tip of the rod before you drill a hole.

#### Creep-Zit™ 6 ft x 1/8" Male Threaded Mesh Pull Sock

LS-81-128

DTS

This non-conductive pull sock works like a "chinese finger trap" to cover and securely pull wires up to one RG6 or equivalent in size.

#### Creep-Zit™ Male Threaded Screw On Ball Chain

LS-81-305

SBTM

This male threaded screw-on tip has 12" of ball chain. This tip, when inserted into a wall or cavity, easily retrieves a magnet or hook.

#### Creep-Zit™ Male Threaded Screw Tip

LS-81-307

CZST

This tip is designed to screw between multi-conductor wiring and water tubing.

#### Creep-Zit™ Drag-Zit Magnet Male Threaded Connector Tip

LS-81-360

CZD

Compatible with both the Creep-Zit rods and the Grabbit telescoping poles (with included adapter). This handy tip is helpful in crawl spaces, ceiling spaces and other hard to reach areas.

## **Creep-Zit™ CZAD Adaptors (3 pack)**

These adaptors convert our standard J-Tips and Z-Tips for use with all threaded Creep-Zit rods. Without these adaptors, regular J-Tips and Z-Tips can only be used with the Grabbit family of telescoping rods.

**LS-81-361**

**CZAD**

## **Creep-Zit™ Heavy Duty Magnet Tip**

Super heavy duty magnet threaded for all our Creep-Zit rods.

**LS-81-362**

**CZHDM**

## **Z-Tip Threaded Push/Pull Connector**

The unique inside knife edge securely grabs and holds wire while the outside "V" can be used to push or lay-up wire. Comes with adaptor to work with all threaded Creep-Zit rods, without the adaptor, this tip fits all Grabbit telescoping rods.

**LS-82-350**

**ZTIP**

## **Large Z-Tip Threaded Push/Pull Connector with 8/32**

The unique inside knife edge securely grabs and holds wire while the outside "V" can be used to push or lay-up wire. Threaded to fit the Creep-Zit rod only. (Not for use with Grabbit telescoping rods.)

**LS-82-355**

**ZTIPL**

## **Large K-Tip Threaded Push/Pull Connector with 8/32**

This unique K-Tip is perfect for pushing and pulling wires. Has a hole drilled in one end for additional security in pushing wires/ Threaded to fit the Creep-Zit rod only. (Not for use with Grabbit telescoping rods.) 1" wide x 3.25" long.

**LS-82-365**

**KTIPL**

## **J-Tip Threaded Connector Hook**

Uncoil coax or other cable. Use this tip for retrieving wire from a distance or retrieving metal fish tape. The J-Tip is compatible with both the Creep-Zit threaded rods (using included adaptor) and with the Grabbit telescoping poles (without adaptor).

**LS-82-370**

**JTIP**

## **Large J-Tip Threaded Connector Hook with 8/32**

The same as our regular J-Tip except that it is threaded for use with Creep-Zit™ rods only. (Not for use with Grabbit telescoping rods.)

**LS-82-371**

**JTIPL**
