

## Compact Soldering Kit

*by Portasol*

This kit provides a convenient soldering solution for ensuring proper signal integrity in wire connectors and other electrical connections. Manufactured by Portasol, this system uses an efficient butane fueled catalytic heating system that concentrates the heat at the soldering tip for effective and accurate soldering. The soldering wand has a built-in igniter and an intensity adjustment wheel to allow a range of heat adjustment settings from 10 to 60 watts. The wand uses replaceable tips, flints and fuel supplies.

Our Portasol Soldering Kit include a 7" butane soldering wand with replacement flints, a standard 2.4 mm tip (on the wand) a wider 4.8 mm replacement tip, 1 oz of 60/40 solder along with a protective carrying case for all kit components. The case includes a convenient belt loop so that you can carry the kit with you for ready access on all your installation jobs. If shipment is within the United States, the kit will also include a 1.9 oz refill canister of ultra pure premium butane (54-105 P-1). If shipped out of the United States, you will need to order the butane free kit (54-106 P-2).

DESCRIPTION	PART NO.	MODEL
Portasol Soldering Kit	LS-54-105	P-1
Portasol Soldering Kit (without butane)	LS-54-106	P-2

Accessories and Replacement Parts page 23.

*The Portasol Professional* was designed and manufactured in 1984 by Oglesby & Butler as the worlds first ever gas powered catalytic soldering iron. The model we carry offers:

- Assorted spare tips
- Flint ignition
- 60 minute run time
- Anti Static ESD Safe
- Ready to melt solder less than 30 seconds from ignition
- Flameless combustion (solder & hot air modes)
- Fixed or Adjustable temperature control
- 10 - 60 watts equivalent medium power adjustable

Replacement Flints  
LS-54-060

Replacement 60/40 Solder  
LS-54-130

*Accessories and Replacement Parts for Portasol Professional*

DESCRIPTION	PART NO.	MODEL
Portasol Replacement Flints (6)	LS-54-060	PSF1
Zippo Butane Refill for Portasol	LS-54-110	PSB
Portasol Soldering Iron only	LS-54-125	MK-1
Portasol Replacement Tip 1.2 mm (small)	LS-54-126	T-1
Portasol Replacement Tip 2.4 mm (medium)	LS-54-127	T-2
Portasol Replacement Tip 4.8 mm (large)	LS-54-128	T-4
Portasol Replacement 1 oz 60/40 Solder Roll	LS-54-130	PSSR
Replacement Pouch for Portasol Kit	LS-54-200	PSP
